

SDS No.230327FC

SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: Volatile corrosion control sheet Stealth FK

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Corrosion control sheet

Uses advised against: No information

1.3. Details of the supplier of the safety data sheet

Name of supplier (importer):

Department in Charge

Address

Telephone number

Fax number

e-mail address

Name of manufacturer in Japan: Iwatsu Chemical Cross Co., Ltd.

Department in Charge Cross Sales Sect. Sales Dept.

Address 7-41, Kugayama 1-Choume Suginami-ku, Tokyo, 168-8501
Japan

Telephone number +81(3)5370-5279

e-mail address icc_crs@iwatsu.co.jp

1.4. Emergency telephone number

+81(3)5370-5279

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification in accordance with EC No 1272/2008:

Physical hazards Not classified.

Health hazards Not classified.

Environmental hazards Not classified.

2.2. Label elements

In accordance with EC No 1272/2008:

Pictogram Not applicable

Signal word Not applicable

Hazard Statements Not applicable

Precautionary Statements Not applicable

2.3. Other hazards

The product does not meet the criteria for PBT or vPvB according to Regulation (EC) No 1907/2006, Annex XIII.

SECTION 3: Composition/information on ingredients

3.1. Substances Not applicable

3.2. Mixtures

Product Name: Volatile corrosion control sheet

Information on ingredients*:

| Chemical name | CAS No. | EC No. | Index No. | REACH Registration No.** | Concentration (wt %) | Classification |
|---------------------------------|-----------|-----------|-----------|--------------------------|----------------------|------------------------|
| Cellulose | 9004-34-6 | 232-674-9 | - | - | 80-90 | CLP Not classified. |
| water | 7732-18-5 | 231-791-2 | - | - | 1-10 | CLP Not classified. |
| Vaporizable corrosion inhibitor | - | - | - | - | < 10 | - |
| Others | - | - | - | - | < 5 | - |

* 80-90% of this product consists of cellulose. As a result of a diffusion test of the product, ethylene glycol, nitrate ion and ammonium ion were detected.

** Registration numbers of ingredients which shall be in compliance with Regulation (EC) No 1907/2006 will be filled in later.

3.3. CLP [(EC) No 1272/2008] Hazard classification of ingredients listed in Table 3.1 of Annex VI

Not applicable

SECTION 4: First aid measures

4.1. Description of first aid measures

| | |
|--------------|---|
| IF INHALED: | Remove victim to fresh air and keep at rest in a position comfortable for breathing. In case certain symptoms such as headache and/or nausea are observed, immediately get medical treatment. |
| IF ON SKIN: | Take off immediately all contaminated clothing. Wash with plenty of water and soap. If skin irritation or rash occurs, get medical advice/ attention. |
| IF IN EYES: | Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/ attention. |
| IF INGESTED: | Rinse mouth. Immediately get medical advice/attention. |

4.2. Most important symptoms and effects, both acute and delayed

No information

4.3. Indication of any immediate medical attention and special treatment needed

No information

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media:

Use water mist, dry chemical powder or fire foam

Unsuitable extinguishing media

Carbon dioxide is not suitable for paper-like materials.

5.2. Special hazards arising from the substance or mixture

Toxic and irritating vapours and/or gases may generate by combustion.

5.3. Advice for firefighters

Take action from windward.

Non-responsible personnel should escape from the fire site.

In case of fire occurs in surroundings, move containers to a safe area if possible.

Fire fighters should wear appropriate personal protective equipment, e.g. face protection and safety apron. Non-responsible personnel should escape from the fire site.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel:

Wear suitable protective equipment (see SECTION 8) e.g., safety gloves, protective mask and/or protective glasses to prevent exposure.

For emergency responders:

Keep out except responsible personnel.

Wear suitable protective equipment described in “SECTION 8: Exposure Controls/ Personal Protection”

6.2. Environmental precautions

Avoid release into the environment because product may cause local effects.

6.3. Methods and material for containment and cleaning up

Sweep up scattered materials or vacuum them using a vacuum cleaner so as not to cause dust then collect them into an empty container.

Do not eat or drink near handling and storage locations.

ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area).

Prevent to flowing into drains, sewers, basements or closed areas.

6.4. Reference to other sections

Refer to “SECTION 8: Exposure controls/personal protection” and “SECTION 13: Disposal considerations” as appropriate.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Protective measures:

- Install appropriate equipment and wear suitable protective apparatus described in "SECTION 8: Exposure Controls/ Personal Protection".
- Avoid high-temperature environment.
- Wash hands thoroughly after handling.
- Do not eat, drink or smoke when using this product.

Advice on general occupational hygiene:

- Wash contaminated clothing before reuse.

7.2. Conditions for safe storage, including any incompatibilities

Technical measures:

- In the storage area, install adequate light and ventilation systems to handle hazardous materials.
- Store in fear-free place of rain or water wet.

Incompatible materials:

- Oxidizing agents

Conditions for safe storage:

- Avoid direct sunlight, heat, fire and oxidizing agents.

Packing material:

- Package in materials that can prevent rain or water wet.

7.3. Specific end use(s)

- Corrosion control sheet

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Acceptable concentration (exposure limit, biological exposure index)

| | |
|-----------------------|---------------------------------|
| EU IOELV | Not applicable |
| ACGIH TLV-TWA (2014) | 10mg/m ³ (Cellulose) |
| ACGIH TLV-STEL (2014) | Not applicable |

8.2. Exposure controls

Appropriate engineering controls:

- In a work place where dusts generate, ensure to use local ventilation.

Personal protective equipment:

- Respiratory protection In case of dust generation, wear appropriate protective mask or air aspirator as required.
- Hand protection If hand contact is possible, wear protective gloves.

10.5. Incompatible materials

Oxidizing agents

10.6. Hazardous decomposition products

In case of fire, toxic decomposition products (carbon monoxide, carbon dioxide, nitrogen oxide) may be generated.

SECTION 11: Toxicological information

11.1. Information on product:

No information

11.2. Information on ingredients:

Cellulose

Acute toxicity (oral): Rat LD₅₀ = 5,000 mg/kg

Acute toxicity (dermal): Rabbit LD₅₀ = 2,000 mg/kg

SECTION 12: Ecological information

12.1. Toxicity:

Information on product: No information

Information on ingredients: No information

12.2. Persistence and degradability:

Information on product: No information

Information on ingredients: No information

12.3. Bioaccumulative potential:

Information on product: No information

Information on ingredients: No information

12.4. Mobility in soil:

Information on product: No information

Information on ingredients: No information

12.5. Results of PBT and vPvB assessment:

The product does not meet the PBT and vPvB criteria.

12.6. Other adverse effects:

No information

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Dispose of waste in accordance with applicable local, regional and international regulations and standards.

When disposing, consult to a certificated waste trader or local offices if they deal with the waste.

Used container should be recycled after cleaning or dispose of in compliance with related laws and local regulations.

Contents should be removed completely when dispose of empty containers.

SECTION 14: Transport information

14.1. UN number Not applicable

14.2. UN proper shipping name Not applicable

14.3. Transport hazard class(es) Not applicable

14.4. Packing group Not applicable

14.5. Environmental hazards Not applicable

14.6. Special precautions for user

When transporting, avoid direct sunlight. Confirm no leakage to containers. When loading, prevent containers from falling, dropping off or damaging. Take preventive measures of collapse.

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and IBC code

Not applicable

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/ legislation specific for the substance or mixture

The product and its ingredients are not regulated by specific provisions related to protection of human health or the environment at EU level, e.g. not considered as SVHCs or POPs.

15.2. Chemical safety assessment

Not conducted

Section 16: Other information

Update history:

Date of issue: 24th December, 2014

Revision Date: 27th March, 2023

References:

Information of Iwatsu Chemical Cross Co., Ltd.

NITE GHS classification results (2014).

ACGIH, American Conference of Governmental Industrial Hygienists (2014) TLVs and BEIs.

Abbreviations

PBT: Persistent, Bioaccumulative and Toxic substance

POPs: Persistent Organic Pollutants

STOT: Specific Target Organ Toxicity

SVHC: Substances of Very High Concern

vPvB: Very Persistent and Very Bioaccumulative

[Disclaimer]

This SDS has been prepared based on the best available information however, it may not be sufficient in some cases. It is user's responsibility to modify or update any contents in this SDS regarding information on hazardous properties and/or instruction for safe handling of the product when they become available. Precautionary measures in this SDS are only applicable for normal handling conditions and it is necessary to take appropriate additional measures to ensure safe handling which depend on your specific use conditions or situations.
